

ANOTHER STEP OVER THE WALL

FELS SOLIDARITY PARTY

FRIDAY 3.10.2014

20:00 INFORMATION EVENT 22:00 PARTY

Migration is one of the most significant political movements of our time. Like no other movement, it challenges national and societal borders in practice. Therefore, brutal means such as state and police repression as well as general racism, are applied to repress and prevent migration - and hence the right for free movement and societal participation. Resistance against this repression and racism causes financial costs for lawyers, accommodation, and day-to-day livelihood. Come and celebrate with us Another Step over the Wall and support us to cover the expenses.
